

Park Fact Sheet

2016 Season

LOCATION

Six Flags Hurricane Harbor is located at 1800 E. Lamar in Arlington, midway between Dallas and Fort Worth, each 16 miles away. DFW Airport is 10 miles to the north. Six Flags Hurricane Harbor is located in the heart of the Arlington Entertainment District, an area that also includes Six Flags Over Texas, The Rangers' Globe Life Park and the home of the Dallas Cowboys, AT&T Stadium. For questions please call 817-640-8900 or visit www.sixflags.com/hurricaneharbortexas.

HOURS

Hurricane Harbor kicks off the 2016 season with weekend operation **May 7-8, 14-15, 21-22**, and Memorial Day weekend **May 28-30**. The park then begins daily operation on **June 2** and ends **August 21**. Weekend operation will resume **August 27** and continue through **September 18**. (Operating hours are subject to change without notice. Please see operating schedule for specific dates and times, or visit our website.)

SIZE

The largest water park in North Texas, Hurricane Harbor's exciting rides and attractions sprawl over 47 acres of colorful scenery.

HISTORY

Hurricane Harbor opened as Wet 'n Wild in 1983. The park was bought by Six Flags Theme Parks in 1995. The name was officially changed to Six Flags Hurricane Harbor in January of 1997. In 1998, Premier Parks bought Six Flags Hurricane Harbor.

THE WETTEST RIDES!

Hurricane Harbor is famous for its heart-pounding rides, all soaked with bigger, better, wetter excitement! There are even more thrills with Hook's Lagoon, an interactive water playhouse, and the tallest slides guaranteed to make a huge splash.

RIDES

◆ **WAHOO RACER**

Standing nearly 60 feet tall, Wahoo Racer is a two-tiered slide mat racer that first sends riders on an intense, winding stretch through colorful tubes before shooting them out into six racing track-styled lanes. Riders then zoom down head first, at speeds of up to 40 feet per second, on aero-dynamically designed water toboggans for the final stretch. Each course is timed, allowing guests to challenge themselves, along with family and friends to reach the checkered flag for the win.

◆ **TYPHOON TWISTER**

On Typhoon Twister, guests board slides built for two for an adrenaline-packed ride down a tunnel and into a bowl shaped slide. After spinning around multiple times in the belly of the slide, riders are thrust through a corkscrew exit into a pool of water.

◆ **TSUNAMI SURGE**

Tsunami Surge sends guests twisting and turning down a 68-foot enclosed tunnel while they build up speed to take on a 40-foot wave slide on the other side. Guests experience zero-gravity as they surge to the top of the slide before gliding down into a landing pool.

◆ **THE MEGA WEDGIE**

The **Mega Wedgie**--standing 4 stories high and 83 feet wide-- will send guests flying down one side of its wings to the other at speeds of up to 23 miles per hour. One to two guests at a time can experience the thrill of this "zero gravity" ride as it propels them down the massive slide with water spray jets. The design of this "slide with no sides" allows the water spray jets to push the tube forward as riders continue to slip and slide until they reach the bottom.

◆ **TORNADO**

Get ready to ride the ultimate storm! Guests will begin their wild, wet adventure 75 feet in the air. Positioned in a 4-person cloverleaf-shaped tube, they'll blast down a 132-foot-long tunnel. The tubes hug the inside of the funnel-shaped attraction, splashing back and forth on 5,000 gallons of swirling water.

◆ **HOOK'S LAGOON**

A 40,000-sq. ft. interactive family water adventure with a five-story treehouse, three lagoons, a pirate ship, slides and 12 different levels of exciting, soaking activities!

◆ **SEA WOLF**

A three-passenger raft ride that plunges through more than 830 feet of high-speed banks and heart-stopping drops.

◆ **BLUE RAIDER**

A two-passenger escape into a dark, flooded tunnel filled with hair-raising drops and turns.

◆ **CARIBBEAN CHAOS**

1500 gallons of water propel riders down this open-air body slide.

◆ **DER STUKA**

Two seven-story, free-fall slides that drop sliders directly from a 72-foot-tall tower.

◆ **GERONIMO**

A six-story free-fall experience that begins with a gentle horizontal slide and ends by dropping sliders almost straight down.

◆ **HYDRA MANIAC**

Four separate, totally enclosed slides that twist and turn before dropping riders into a cool lagoon.

◆ **SHOTGUN FALLS**

Four separate high-speed slides blast riders with 2,000 gallons of water per minute into a refreshing pool.

◆ **THE BLACK HOLE**

A wild, wet adventure in total darkness! Riders board the slide in a black flying saucer hovering 60 feet off the ground. Passengers are then sent, two by two, through a totally enclosed, 500-foot-long tube slide.

◆ **BANZAI BOGGAN**

Get ready for the ride of your life! Guests race down a 45-foot slide on a toboggan and skid across the top of the water.

◆ **RAGING RAPIDS**

Relax and enjoy tubing down a refreshing river. Six pools are connected by a gradual slope that allows riders to float in their inner tubes from one pool to the next and finally into a big splash pool at the end.

◆ **SURF RIDER**

For the extreme sports gurus, Surf Rider provides continuous waves allowing body boarders to test their skills and perform radical maneuvers for all to enjoy!

SPECIAL ATTRACTIONS

In addition to exciting rides, Hurricane Harbor has these funtastic attractions:

◆ **SURF LAGOON**

A one-million gallon wave action pool that covers more than an acre with waves up to four feet high.

◆ **SUNTAN LAGOON**

A one-million gallon activity pool with geysers, fountains and waterfalls surrounded by a carpeted suntanning deck.

◆ **LAZY RIVER**

More than 300,000 gallons of water circulate through this relaxing river at a current of three miles per hour. Riders can either float or tube along one-quarter mile of gentle, relaxing river.
